Making Strides Against Breast Cancer - 5K Walk

Sunday, October 21, 2012
Mack-Cali Business Campus
1 Campus Drive, Parsippany

Making Strides Against Breast Cancer is a noncompetitive 5K walk. The event unites over 7,000 people of all ages with a common goal to fight breast cancer and save lives. Chances are, someone you know has been affected by breast cancer in some way, and Making Strides gives you the power to fight back and make a difference.

Your involvement with Making Strides Against Breast Cancer is as unique and special as the story that motivates you. Each step you take is personal. Each step is helping to save lives. More than a walk, the American Cancer Society's Making Strides Against Breast Cancer describes the progress we're making together to fight this disease, provide comfort and hope, and save lives from breast cancer.
