Advances in Gastrointestinal Oncology Screening and Treatment

Friday, March 28, 2014
7:30 a.m. to 1:00 p.m.
Malcolm Forbes Amphitheater

Join Us!

On Friday, March 28, the multidisciplinary gastrointestinal team of experts from Morristown Medical Center's Carol G. Simon Cancer Center will be discussing the latest advances in screening and treatment in an interactive presentation for physicians, residents, nurses and allied health professionals in internal medicine, family medicine, surgery, radiology, obstetrics/gynecology, medical and radiation oncology and pathology. Community partners from local cancer advocacy groups also are invited to attend.

Learning Objectives

At the end of the session, participants should be able to:

- Understand the appropriate evaluation for patients with gastrointestinal malignancies
- Cite the current treatment for patients with gastrointestinal malignancies
- Recognize the newer treatments and techniques which can be part of the management of patients with gastrointestinal malignancies

Atlantic Health designates this educational activity for a maximum of 5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Atlantic Health is accredited by the Medical Society of New Jersey to provide continuing medical education for physicians.

Agenda

7:30-8:00 Breakfast/Registration

8:00-8:10 Welcome
Aaron Chevinsky, MD

8:10-8:30 Screening and Endoscopic Ultrasound for Biliary and Pancreatic Tumors
Kelly Krueger, MD

8:35-8:55 Screening and New Treatments for Colorectal Cancer
Josef Shehebar, MD

9:00-9:20 Endoscopic Bronchial Ultrasound, Transnasal Endoscopy and the Treatment of Esophageal Cancer
Federico Steiner, MD

9:25-9:45 Systemic Therapy for GI Malignancies
William DeRosa, DO

9:50-10:10 Break

10:15-10:35 Personalized Medicine and the Genetics of Colorectal and GI Malignancies
Arnold Pallay, MD

10:40-11:00 Pancreatic Cancer... Where Are We Now?
Jason Levitz, MD

11:05-11:25 Innovations in Radiation Therapy for Gastrointestinal Tumors
Mona Karim, MD

11:30-11:50 State of the Art Management of Liver Tumors
Matthew Suh, MD

11:55-12:15 Surgical Innovations in the Treatment of GI Malignancies: HIPEC and Nanoknife
Aaron Chevinsky, MD

12:20-1:00 Panel Discussion on GI Malignancies
Kai Bickenbach, MD
Aaron Chevinsky, MD
Josef Shehebar, MD
Brian Shrager, MD
Matthew Suh, MD

Box lunch will be available immediately following the panel discussion
