

## Provider ICD-10 Resource Guide & Contact List

On October 1, the U.S. health care system moves to the International Classification of Diseases, 10th Revision – ICD-10. Successful implementation of ICD-10 is important to us, the healthcare community, and the beneficiaries and consumers who rely on healthcare services. Recognizing that health care providers may need help with the transition, CMS has established an ICD-10 Ombudsman and ICD-10 Coordination Center to help track, triage, and resolve issues. We want to work with our healthcare partners to respond quickly and accurately to resolve issues.

You may wonder how soon you will know whether your Medicare claim was paid. Generally speaking, Medicare claims take several days to be processed and must also – by law – wait two weeks before payment is issued. The truth is very few health care providers file claims on the same day a medical service is given. Most providers batch their claims and submit them every few days. If you want to check on the status of your claim before that time you can access your Medicare Administrator Contractor’s interactive voice response or portal as you do today to check on the status of your claim.

Medicaid claims can take up to 30 days by law to be submitted and processed by states. However, most states process claims before that time.

It’s important that you know that help is available if you have issues with ICD-10. We have developed a step-by-step resource list below to help you locate important contacts quickly.

**Step 1** For general ICD-10 information, we have many resources on our [CMS ICD-10 website](#) and [Road to 10](#) webpage.

**Step 2** Contact the MAC for Medicare claims questions. Your MAC is your first line for Medicare claims help. MACs cannot respond to questions about Medicaid or Commercial health plans.

- If you have a Medicaid claim question contact your State Medicaid Agency.
- If you have a commercial or private health plan claim question, please contact your health plan directly.

**Step 3** Contact the ICD-10 Ombudsman for questions. The ICD-10 Ombudsman is an impartial advocate with a dedicated team of experts to answer your questions. Providers should send their Ombudsman inquiries to [ICD10\\_Ombudsman@cms.hhs.gov](mailto:ICD10_Ombudsman@cms.hhs.gov). Responses typically will be sent within 3 business days of receipt.
